Birkeholm

Vrogum's lift and slide door leaves room for creativity. This unique system easily integrates your garden, balcony or surrounding areas with your home. A very special high quality hardware system enables a unique sliding function in which one door leaf slides behind a fixed section. This way the door sections take up no space and give an entirely open view. The sliding door is delivered as a 2, 3 or 4 leaf door.

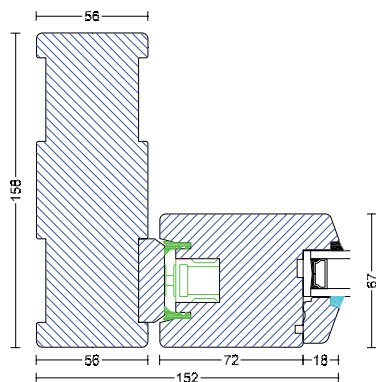

Hardware

Delivered with a 3 point lock. The door may be delivered with handle and cylinder on the inside, on both sides as well as with security hardware, handle and cylinder are additional - please see accessories page 52.

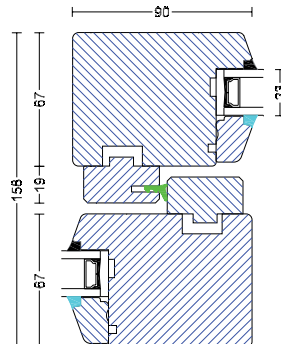

Outside frame measurement

Max. width: 5,010 mm - 2 leaf door
 Max. width: 6,010 mm - 3 leaf door
 Min. 1.760 mm - 2 leaf door
 Min. 3.635 mm - 3 leaf door
 Max. height: 2,510 mm
